HR 5043-101: Seminar in Organizational Change and Development

Note: The information on the site location and hours below is for informational purposes **only**. Out of an abundance of caution, this course will be held online using platforms and methods based on the professor's choice. **Please contact your professor for more information on actual meeting times.** This course will count as face-to-face for students who complete the required assignments and modules.

Course Description:

Organizational Change and Development is one of the most significant ongoing challenges of organizational management. This course covers: 1) the history of organization development (OD), 2) the values and assumptions of OD, 3) OD interventions, and 4) issues of power and conflict in OD. Special attention will be given to the issue of strategic planning and conflict resolution.

Given the Covid19 situation, we will not meet in the classroom. Instead, we will use Zoom to meet on the indicated dates and times. I will send you a link after I setup the Zoom meetings. Please keep an eye on CANVAS for updates and news. All OU students can download Zoom for free. So, if you do not have Zoom already, please install it on your computer.

Since we will not meet in the classroom, I will make several changes to the course. For example, we will not have group discussions. Instead, I am planning to have each student make a presentation via Zoom to the class. The presentation can be on the paper or any other topic of your choosing. We will talk more about the presentation on the first day of class.

It is expected that you attend all classes and be on time except for excused emergencies.

Excused absences are given for professor mandated activities or legally required activities such as emergencies or military assignments. It is the policy of the University to excuse absences of students that result from religious observances and to provide without penalty for the rescheduling of examinations and additional required class work that may fall on religious holidays. Unavoidable personal emergencies, including (but not limited to) serious illness; delays in getting to class because of accidents, etc.; deaths and funerals, and hazardous road conditions will be excused.

If you are obtaining financial assistance (TA, STAP, FA, VA, Scholarship, etc.) to pay all or part of your tuition cost, you must follow your funding agency/institution's policy regarding "I" (Incomplete) grades unless the timeline is longer than what the University policy allows then you must adhere to the University policy. Students who receive Financial Aid must resolve/complete any "I" (Incomplete) grades by the end of the term or he/she may be placed on "financial aid probation." If the "I" grade is not resolved/completed by the end of the following term, the student's Financial Aid may be suspended make the student ineligible for further Financial Aid.

Students are responsible for meeting the guidelines of Tuition Assistance and Veterans Assistance. See the education counselor at your local education center for a complete description of your TA or VA requirements.

Academic Integrity and Student Conduct

Academic integrity means honesty and responsibility in scholarship. Academic assignments exist to help students learn; grades exist to show how fully this goal is attained. Therefore all work and all grades should result from the student's own understanding and effort.

Academic misconduct is any act which improperly affects the evaluation of a student's academic performance or achievement. Misconduct occurs when the student either knows or reasonably should know that the act constitutes misconduct. Academic misconduct includes: cheating and using unauthorized materials on examinations and other assignments; improper collaboration, submitting the same assignment for different classes (self-plagiarism); fabrication, forgery, alteration of documents, lying, etc...in order to obtain an academic advantage; assisting others in academic misconduct; attempting to commit academic misconduct; destruction of property, hacking, etc...; intimidation and interference with integrity process; and plagiarism. All students should review the Student's Guide to Academic Integrity at http://integrity.ou.edu/students_guide.html

Students and faculty each have responsibility for maintaining an appropriate learning environment. All students should review policies regarding student conduct at <http://studentconduct.ou.edu/>
