COMPLETION

At this point, you should get a page that resembles the following:

Joe Student, a school administrator must associate your application, with a curriculum before it can be submitted.

Your school administrator will need the following information:

Application ID:

FTN:

Click "Log Out" to exit IACRA.

Advise your flight instructor that your application is ready for affiliation. If there are any errors that you need to correct your flight instructor will contact you and provide further instruction on the process to correct these errors. If there are no errors no further action is required on your part.

It is important to write down your IACRA user ID and password as well as your Application ID and FTN. Your instructor, chief flight instructor, and Aviation Certification Representative (ACR) will need the FTN to conduct the practical test and process your application and certificate.

Tips for IACRA Applicants

1. Your application will be validated and any error messages will be displayed above.
2. Your application will not be accepted until all validation errors are corrected.
3. **You will not be able to access your application to make changes after the application clears validation and has been submitted.** So, be sure to thoroughly review the certificate summary and application then make appropriate corrections BEFORE clicking the Submit Application button. **If you're not sure that your application is completed correctly, do not submit it until you have consulted your Recommending Instructor or Examiner/Evaluator.**
4. If you have questions about how to enter data into IACRA, contact AVS Support Central. (See Below).
