Course Objectives:

This course will:

- equip students with analytical tools used in decision making and in the solution of business problems.
- demonstrate how managers can apply the economic concepts and models to real-world problems;
- discuss economic issues and possible economic policies which can be used to solve them; and
- analyze firm and industry behavior using case studies and/or empirical studies.

Course Outline:

1. Introduction to Managerial Economics: Chapter 1.
2. Demand and Forecasting: Demand Theory, Consumer Behavior and Rational Choice, Estimating Demand Functions, and Business Economic Forecasting; Chapters 2, 3 and 4.
3. Production and Cost: Production Theory, Technological Change and Industrial Innovation, Analysis of Costs; Chapters 5 and 6.
4. Market Structure Strategic Behavior and Pricing: Perfect Competition, Monopoly and Monopolistic Competition, Oligopoly, Price Discrimination, Bundling, Game Theory, Auctions; Chapters 7, 8, 9, 10, 11, 12 and 13.
5. Risk Analysis and incentives: Risk Analysis, Principal-Agent issues; Chapters 14 and 15.

Assignments, Grading and Due Dates:

Homework:

I recommend that the students try to work through the following problems from each assigned chapter. We will discuss selectively some of them in class. Students **will choose** the questions they will discuss in the classroom. Students could also bring up economic news articles and relate them to the material taught in class. Their contribution to these discussions will determine **20% of their final grade**.

Assigned Chapter	Problems
Chapter 2	3, 5, 7, 10
Chapter 3	1, 7, 8, 9
Chapter 4	1, 5, 9, 12
Chapter 5	1, 3, 7
Chapter 6	4, 6, 9
Chapter 7	1, 3, 4, 5, 6
Chapter 8	1, 3
Chapter 9	2, 5
Chapter 10	2
Chapter 11	2, 3
Chapter 12	All
Chapter 13	All

Other In-class Assignment:

The students will have to do a study of a real world problem of interest to them. They will have to discuss this problem using the analytical tools learned in the course. The analysis could be based on articles from

the Wall Street Journal or other sources discussing an economic issue. I encourage everyone to look into google scholar to find research scientific articles to complement their readings. The presentation of the analysis in class will determine **20% of the grade. The presentation should be designed to last 15 minutes and should be providing scientific rationale for the conclusions based on your readings. I will be available a month ahead of the class period to answer related questions.**

Exam:

The final exam will be worth **60% of the grade. It will be based on multiple choice questions.**

Due Dates:

The students should read relevant material beforehand. **Presentation slides will be available through Canvas.** If there is **any problem** accessing this information please e-mail me at georgiak@ou.edu

Grading:

This is a letter-graded course: A, B, C, D, or F.

Notice: Failure to meet assignment due dates could result in a grade of I (Incomplete) and may adversely impact Tuition Assistance and/or Financial Aid.

POLICIES AND NOTICES

Attendance/Grade Policy

Attendance and participation in interaction, individual assignments, group exercises, simulations, role playing, etc. are valuable aspects of any course because much of the learning comes from discussions in class with other students. It is expected that you attend all classes and be on time except for excused emergencies.

Excused absences are given for professor mandated activities or legally required activities such as emergencies or military assignments. It is the policy of the University to excuse absences of students that result from religious observances and to provide without penalty for the rescheduling of examinations and additional required class work that may fall on religious holidays. Unavoidable personal emergencies, including (but not limited to) serious illness; delays in getting to class because of accidents, etc.; deaths and funerals, and hazardous road conditions will be excused.

If you are obtaining financial assistance (TA, STAP, FA, VA, Scholarship, etc.) to pay all or part of your tuition cost, you must follow your funding agency/institution's policy regarding "I" (Incomplete) grades unless the timeline is longer than what the University policy allows then you must adhere to the University policy. Students who receive Financial Aid must resolve/complete any "I" (Incomplete) grades by the end of the term or he/she may be placed on "financial aid probation." If the "I" grade is not resolved/completed by the end of the following term, the student's Financial Aid may be suspended making the student ineligible for further Financial Aid.

Students are responsible for meeting the guidelines of Tuition Assistance and Veterans Assistance. See the education counselor at your local education center for a complete description of your TA or VA requirements.

Academic Integrity and Student Conduct

Academic integrity means honesty and responsibility in scholarship. Academic assignments exist to help students learn; grades exist to show how fully this goal is attained. Therefore all work and all grades should result from the student's own understanding and effort.

Academic misconduct is any act which improperly affects the evaluation of a student's academic performance or achievement. Misconduct occurs when the student either knows or reasonably should know that the act constitutes misconduct. Academic misconduct includes: cheating and using unauthorized materials on examinations and other assignments; improper collaboration, submitting the same assignment for different classes (self-plagiarism); fabrication, forgery, alteration of documents, lying, etc...in order to obtain an academic advantage; assisting others in academic misconduct; attempting to commit academic misconduct; destruction of property, hacking, etc...; intimidation and interference with integrity process; and plagiarism. All students should review the Student's Guide to Academic Integrity at http://integrity.ou.edu/students_guide.html

Students and faculty each have responsibility for maintaining an appropriate learning environment. All students should review policies regarding student conduct at <http://studentconduct.ou.edu/>

Accommodation Statement

The University of Oklahoma is committed to making its activities as accessible as possible. For accommodations on the basis of disability, please contact your local OU Site Director.

Adjustment for Pregnancy/Childbirth-Related Issues

Should you need modifications or adjustments to your course requirements because of documented pregnancy-related or childbirth-related issues, please contact me as soon as possible to discuss. Generally, modifications will be made where medically necessary and similar in scope to accommodations based on temporary disability. Please see <http://www.ou.edu/content/eoo/faqs/pregnancy-faqs.html>.

Title IX Resources

For any concerns regarding gender-based discrimination, sexual harassment, sexual misconduct, stalking, or intimate partner violence, the University offers a variety of resources, including advocates on-call 24/7, counseling services, mutual no-contact orders, scheduling adjustments, and disciplinary sanctions against the perpetrator. Please contact the Sexual Misconduct Office at smo@ou.edu or (405) 325-2215 (8-5), or the Sexual Assault Response Team at (405) 615 -0013 (24/7) to report an incident. To learn more about Title IX, please visit the Institutional Equity Office's website at <http://www.ou.edu/content/eoo.html>

Course Policies

Advanced Programs policy is to order books in paperback if available. Courses, dates, and professors are subject to change. Please check with your OU Site Director. Students should retain a copy of any assignments that are mailed to the professor for the course. Advanced Programs does not provide duplicating services or office supplies.

Any and all course materials, syllabus, lessons, lectures, etc. are the property of professor teaching the course and the Board of Regents of the University of Oklahoma and are protected under applicable copyright.
