Advanced Programs Welcome Letter

Dear Professor,

Benvenuti a bella Napoli! Naples is the headquarters for several U.S. and NATO military commands:

- Headquarters, U.S. Naval Forces-Europe (NAVEUR). The-Commander-in-Chief (CINC) and his staff are stationed here. The CINC is responsible for all U.S. Naval Forces in Europe and the Mediterranean, which include the U.S. Sixth Fleet and Fleet Air Mediterranean (COMFAIRMED).
- The CINC, NAVEUR is also the CINC, Joint Forces Command (JFC) and is responsible for all NATO forces from southern Europe to eastern Turkey. JFC provides all NATO military support for UN operations in Bosnia, Croatia, Hungary and northern Iraq.
- Naval Support Activity (NSA), Naples. NSA primarily provides logistical and base support to the Sixth Fleet and COMFAIRMED. NSA also provides logistical support to U.S. Army and Air Force members and their families assigned to elements of JFC.

During your free time you can visit downtown Naples and tour the San Carlo Opera Theater and the Royal Palace of the Bourbon Kings. The National Museum of Archeology, also downtown, houses major finds of the ancient cities of Herculaneum and Pompeii, which were destroyed during the eruption of Mount Vesuvius in 79 AD. Explore Herculaneum and Pompeii and marvel at the 'modern' town layouts. View the inside of the crater of Mount Vesuvius, which last erupted in 1944 and is still active. Its summit provides a panoramic view of the surrounding countryside. The local USO provides day tours to these famous sites.

If you enjoy Greek ruins, Naples abounds with them. The area was founded by the Greeks long before the Etruscans and Romans conquered it. Cuma, an ancient Greek acropolis, is only a few kilometers from the NATO Base. It was home to one of the most famous Greek Sybils. The Romans used the existing location to build and rebuild temples to their adopted Greek gods. For amazing views, visit the Amalfi Coast, which is less than an hour away. Tour the beautiful coastal towns of Sorrento (known for its marquetry), Amalfi, Positano, Ravello and Vietri (the last two towns are known for beautiful ceramics). As you can see, Naples is an outstanding teaching assignment. There is quite a bit to do. While rental cars are not authorized here, please see the end of this guide for information on the multitude of ways to travel and sightsee in the area.

Please feel free to contact me if you require any information not provided in this guide. I look forward to meeting and working with you. Have a safe and enjoyable trip!

Sincerely,

Deborah Wendland
Naples Site Director

Arrivals and Departures

Arrival at Naples (Capodichino) Airport:

Disembarkation:

For all airlines: a bus transports passengers from the plane to the terminal. It is an extremely small airport!

Passport Control:

All passengers must present their passports to the passport control desk immediately upon entering the arrival area. European and non-European passport holders use different lines.

Baggage Claim:

After passing through the passport control desk, you will enter the baggage claim area. This is a very small area with only three carousels. There are monitors to assist you in English. Luggage carts are available, but require a returnable deposit of one euro.

Customs Clearance:

Customs checks are conducted randomly as passengers exit the baggage claim area. Simply walk through the double doors leading to the meeting area of the arrival section.

Being Met at the Airport:

Upon exiting the baggage claim area, the Site Director will meet you. Look for an individual with a red OU ball cap. The arrival terminal meeting point is a relatively small area. Please stay in that immediate area so that you do not get lost.

To Change Money:

Remember to exchange at least \$50 into euro prior to departing America. The money exchange counter may not be open at the airport depending on what time you arrive or if it is a local holiday. You can change money on the base at a much better rate and without paying a service charge. ATMS are also available on and off base.

To Page Someone:

If you cannot locate the Site Director or their designate, ask the information desk for assistance.

Base Access:

Using the documentation provided to the OU travel office, a base access request letter will be generated and sent for approval prior to your arrival in Naples. The Site Director will provide you with a letter signed by the base commanding office that grants your entry to the base and the ability to shop at the exchange and commissary. You must carry this letter and your passport at all times.

By contract, we must have those who are here to teach go through the established procedure for access. These procedures, because of current security needs, necessarily change with or without notice to us. We appreciate your understanding that we are informing and preparing ourselves for your in-processing to the best of our ability. As well, you must be supported with privileges so that health care, legal assistance and other services can be provided in cases of emergency. We are advised to notify the travel and contract support offices, if anyone attempts to opt out of this. We are living in times of very high security concerns and we must follow these guidelines or we will not be in contract compliance.

Departure from Naples Airport**Reaching the Airport:**

Taxi service to the airport can be arranged through the front desk at the hotel. If your flight is not an early departure, you could walk to the airport unaccompanied as it is extremely close. Exit base through the front gate and take a right at the roundabout. Walk straight ahead to the Departures area of the airport (approximately 15 minute walk from Navy Gateway/Capo Inn).

For international flights, arrive at the airport two hours before your flight time. For European flights, arrive one hour before your flight time.

Check-In:

All airlines are located in the Departure area of the airport (Partenza). Check the monitors located immediately inside the door to know at which counter to check in. Be sure to verify the boarding gate prior to leaving the check-in counter.
