

Suggested Semester Plan of Study

Year	FIRST SEMESTER	Hours	SECOND SEMESTER	Hours
FRESHMAN	ENGL 1113, Principles of English Composition (Core I)	3	ENGL 1213, Principles of English Composition (Core I), or	3
	MATH 1643, Precalculus for Business, Life, and Social Sciences	3	EXPO 1213, Expository Writing (Core I)	
	AVIA 1111, Aviation Orientation	1	MATH 1743, Calculus I for Business, Life & Social Sciences	3
	AVIA 1113, Introduction to Aviation	3	COMM 1113, Principles of Communication, or	3
	AVIA 1222, Primary Flying	2	2613, Public Speaking	
	HIST 1483, United States 1492-1865, or	3	AVIA 2231, Advanced Flying	1
	1493, United States 1865-Present (Core IV)		AVIA 2513, The History of Aviation	3
Free Elective	1	ECON 1113, Principles of Economics—Macro (Core III)	3	
	TOTAL CREDIT HOURS	16	TOTAL CREDIT HOURS	16
SOPHOMORE	METR 1014, Intro. To Weather and Climate (Core II)	4	ACCT 2123, Fundamental Managerial Accounting	3
	ACCT 2113, Fundamentals of Financial Accounting	3	ECON 1123, Principles of Economics—Micro	3
	AVIA 2341, Secondary Flying	1	PHYS 1114, Gen. Physics for Non-Science Majors (Core II)	4
	AVIA 3133, Fundamentals of Instrument Flight	3	AVIA 3113, Commercial Aviation	3
	ECON 2843, Elements of Statistics	3	AVIA 3572, Instrument Flying	2
	Free Elective	3	Artistic Forms (Core IV)	3
		TOTAL CREDIT HOURS	17	TOTAL CREDIT HOURS
JUNIOR	METR 2603, Severe and Unusual Weather	3	MGT 3013, Principles of Organization and Management	3
	MIS 2113, Computer-Based Information Systems	3	MKT 3013, Principles of Marketing	3
	AVIA 2613, Aviation Safety	3	AVIA 3013, Career Development for Aviation Professionals	3
	AVIA 4552, Commercial Flying	2	AVIA 3513, Airport Operations Management	3
	P SC 1113, American Federal Government (Core III)	3	Free Elective	3
		TOTAL CREDIT HOURS	14	TOTAL CREDIT HOURS
SENIOR	FIN 3303, Business Finance	3	LS 3323, Legal Environment of Business	3
	AVIA 3333, Survey of Aviation Law	3	AVIA 4713, Aviation Field Project (Capstone)	3
	AVIA 4983, Airline Management	3	AVIA 4423, Crew Resource Management	3
	Western Civilization and Culture (Core IV)	3	Non-Western Culture—Upper-Division (Core IV)	3
	Free Elective	3	Upper-Division Elective	2
	TOTAL CREDIT HOURS	15	TOTAL CREDIT HOURS	14

Bachelor's degrees require a minimum of 40 hours of upper-division (3000-4000) coursework.

This plan of study should not be used in lieu of academic advisement.

- For those students who did not successfully complete two years of the same foreign language in high school, ten hours of free electives will be replaced with two semesters of the same college-level foreign language.
- For those students pursuing the General Business Minor, successful completion of ECON 2843 is required.

COURSES IN AVIATION (AVIA)

1111 Aviation Orientation. Prerequisite: major in Aviation. Required orientation course for all declared Aviation Majors during their first semester. Orients students to the department, curriculum, resources, and provides an overview of the various aviation professions. Guest lecturers will include departmental instructors covering all aspects of the industry, as well as the advising staff. (F)

1113 Introduction to Aviation. Prepares student to take the FAA private pilot written examination. Covers FAR's, meteorology, aerodynamics, flight physiology, performance charts, radio navigation techniques. (F, Sp, Su)

1222 Primary Flying. Prerequisite: 1113 or permission of department. Includes in-flight instruction with effort directed toward obtaining FAA certification as a private pilot. Third class medical must be obtained prior to flying. (F, Sp, Su)

1313 Introduction to Unmanned Aerial Systems. Prerequisite: permission of the department. Introduces students to Unmanned Aerial Systems (UAS). Includes the history of UAS and survey current UAS platforms, terminology, challenges to airspace integration and operational theory. (F, Sp)

2231 Advanced Flying. Prerequisite: 1222 or private pilot certificate. (F, Sp, Su)

2341 Secondary Flying. Prerequisite: 2231. Consists of cross-country experience under the direct supervision of an instructor pilot. Part of the FAA Part 141 commercial certification course. (F, Sp, Su)

2513 The History of Aviation. Chronicles the history of aviation through an in-depth study of powered flight and focus on the development of civil, commercial, and military aviation. The course will cover significant events and people throughout aviation history from the first powered flight through present day developments and a brief look into the future. Also examines the impact of aviation on recreation, transportation, warfare, and exploration. (F, Sp)

2613 Aviation Safety. Prerequisite: 1113 and 1222. This course will examine all aspects of accidents/incidents involving airline and general aviation flights. It examines those areas from the perspective of pilots, crew members, air traffic controllers and National Transportation Safety Board (NTSB) findings. Each accident/incident is dissected with the goal of determining what went wrong and lessons that can be learned. (F, Sp)

3013 Career Development for Aviation Professionals. Prerequisite: completed 36 or more college credit hours. This course will provide an overview of the career planning process for aviation students. Students will master the techniques of self-assessment, resume and letter writing, interviewing, researching companies, proper writing techniques, ethics and etiquette, and networking. This course is intended to help students prepare for internship interviews or entering the aviation industry as a professional. (F, Sp)

3113 Commercial Aviation. Prerequisite: 3133 or instrument rating. Course provides the student the knowledge required to obtain a commercial pilot certificate. (F, Sp, Su)

3133 Fundamentals of Instrument Flight. Prerequisite: 2231 and private pilot license. Federal aviation regulations as pertain to instrument rules (IFR), weather and forecast products, interpretation of en route low altitude chart and terminal instrument approach procedures, instrument flight procedures and techniques. (F, Sp, Su)

3333 Survey of Aviation Law. Prerequisite: 1113 or junior standing. Survey of legal issues in aviation. The student will review legislation, regulatory agencies, and case studies dealing with legal issues in the medium of airspace above the ground—predominantly over the United States. The student will be able to identify and comprehend the historical events and technical terms that describe national and international legal precedents that have shaped aviation law. (F, Sp)

3513 Airport Operations Management. Prerequisite: 1113 and junior standing. Provides the student with an in-depth analysis of airport management, operations and planning functions necessary to operate, develop, and maintain safe and efficient airport facilities as is the practice in the United States. Also introduces air traffic control (ATC) concepts. (F, Sp)

3572 Instrument Flying. Prerequisite: 3133 and private pilot certificate. Individual flight simulator instruction in the technique of flying solely by reference to instruments. Ground instruction in radio navigation, meteorology, instrument approach procedures, air traffic control procedures and federal aviation regulations. (F, Sp, Su)

4423 Crew Resource Management. Prerequisite: 1113 and junior standing. To teach the student the principles and procedures of a two or more person cockpit. Includes: briefings, call-outs, and emergency procedures. (F, Sp)

4552 Commercial Flying. Prerequisite: 3113. The final stage of the FAA Part 141 commercial pilot certification course. Designed to polish pilot skills in commercial aircraft maneuvers. (F, Sp, Su)

4713 Senior Capstone. Prerequisite: senior standing and permission of department; completion of all other major upper-division courses or concurrent enrollment. This project course builds on the accumulated knowledge from all courses to date. Lectures will cover problem identification, analysis, generation of alternatives, cost/benefit studies, interviews and presentations. Student teams will analyze and make recommendations on an actual problem for an aviation related organization, such as the FAA. (F, Sp) [V]

G4983 Airline Management. Prerequisite: junior or graduate standing. Study of the managerial aspects of the airline industry to include economic and organizational characteristics, marketing, operational scheduling, fleet planning, and labor relations. Students participate in management simulation as senior executives of a regional domestic carrier. (F, Sp)
