--------------------------------------	-------

*** Fee increases may occur each year.

Prices for courses shown are for the minimum FAA hours required in a course syllabus. Actual flight hours and costs will most likely vary. For example, most Private Pilot students on average require 5 to 10 hours of overflight.*

*Overflight

If student requires overflight hours, it is billed at the per flight hour cost (varies by aircraft, see table below).

Additionally, for overflight, there is a \$34 per hour charge for instructor pre and post flight preparation.

Warrior Dual \$166	Cessna Dual \$148	Seminole Dual \$311	Baron Dual \$477	Ground \$34
Warrior Solo \$132	12,14,70 Dual \$189	Seneca Dual \$311	King Air Dual \$1091	Simulator \$119
