If you miss between 7-9 hours, you will be responsible for completing a 10 page make-up assignment reflecting on the assigned readings for the missed class session.

If you miss more than 9 hours of course in any semester, you will be asked to drop the course or alternatively receive a failing grade.

You are responsible for all course information presented and/or materials passed out regardless of an absence. Be sure to contact a few students for updates.

Campus closures are determined and communicated by the University President. If campus is closed for an extended period due to inclement weather, I will communicate with students about alternate arrangements.

Class Distractions:

Electronic devices that distract the class by beeping, ringing, or prompting a student to leave the classroom must be silent during class time. Other contacts can be made during the regular class break times. Students who do not adhere to this rule during class will be asked to leave and incur an absence upon a second warning. Refrain from non-class related activity - Reading during lecture or class activities, working on non-class material, texting, holding side conversations, sleeping (either sitting up or head down), and/or excessive doodling are examples of unaccepted classroom behavior.

In addition to your attendance, your professional presence is required for each class session. This means that you should come prepared to engage in and foster professional dialogue having read content relevant to the course. Refrain from cross-talking. Return from breaks punctually.

POLICIES AND NOTICES

Attendance/Grade Policy

Attendance and participation in interaction, individual assignments, group exercises, simulations, role playing, etc. are valuable aspects of any course because much of the learning comes from discussions in class with other students. It is expected that you attend all classes and be on time except for excused emergencies.

Excused absences are given for professor mandated activities or legally required activities such as emergencies or military assignments. It is the policy of the University to excuse absences of students that result from religious observances and to provide without penalty for the rescheduling of examinations and additional required class work that may fall on religious holidays. Unavoidable personal emergencies, including (but not limited to) serious illness; delays in getting to class because of accidents, etc.; deaths and funerals, and hazardous road conditions will be excused.

If you are obtaining financial assistance (TA, STAP, FA, VA, Scholarship, etc.) to pay all or part of your tuition cost, you must follow your funding agency/institution's policy regarding "I" (Incomplete) grades unless the timeline is longer than what the University policy allows then you must adhere to the University policy. Students who receive Financial Aid must resolve/complete any "I" (Incomplete) grades by the end of the term or he/she may be placed on "financial aid probation." If the "I" grade is not resolved/completed by the end of the following term, the student's Financial Aid may be suspended making the student ineligible for further Financial Aid.

Students are responsible for meeting the guidelines of Tuition Assistance and Veterans Assistance. See the education counselor at your local education center for a complete description of your TA or VA requirements.

Academic Integrity and Student Conduct

Academic integrity means honesty and responsibility in scholarship. Academic assignments exist to help students learn; grades exist to show how fully this goal is attained. Therefore, all work and all grades should result from the student's own understanding and effort.

Academic misconduct is any act which improperly affects the evaluation of a student's academic performance or achievement. Misconduct occurs when the student either knows or reasonably should know that the act constitutes misconduct. Academic misconduct includes: cheating and using unauthorized materials on examinations and other assignments; improper collaboration, submitting the same assignment for different classes (self-plagiarism); fabrication, forgery, alteration of documents, lying, etc...in order to obtain an academic advantage; assisting others in academic misconduct; attempting to commit academic misconduct; destruction of property, hacking, etc...; intimidation and interference with integrity process; and plagiarism. All students should review the Student's Guide to Academic Integrity at http://integrity.ou.edu/students_guide.html

Students and faculty each have responsibility for maintaining an appropriate learning environment. All students should review policies regarding student conduct at <http://studentconduct.ou.edu/>
