For the College of Professional & Continuing Studies Student: The Supervisor is responsible for submitting this form to your faculty member.

**The University of Oklahoma**  
**COLLEGE OF PROFESSIONAL & CONTINUING STUDIES**  
**STUDENT INTERNSHIP GUIDELINES**

**PURPOSE** of an internship:

To afford students in the College of Professional & Continuing Studies at The University of Oklahoma an opportunity to apply theoretical principles to practical situations.

To emphasize practical field experience with an opportunity for feedback. (It may give students considering employment in a specific field a chance to determine if the area of practice is that toward which they wish to direct their career).

**STUDENT RESPONSIBILITY:** The major responsibility for the quality of the internship is placed with the student. Before undertaking an internship and prior to the final enrollment, it is expected that the student will have acquired sufficient theoretical and planning skills to construct a worthwhile experience. The College of Professional & Continuing Studies has provided the following guidelines. Students must:

1. Complete the required core courses for the degree and/or option and a research course before beginning an internship.
2. Identify an agency supervisor/instructor at the internship site interested in providing an internship experience. **Start your planning for internships during the semester prior to enrollment.**
3. Submit a Proposal for Internship to the College at least 60 days before the term you plan on completing the Internship. The Proposal will include:
  - a. The name of the organization and agency supervisor, including address, email and the phone number.
  - b. Identify the need of the organization for an intern and how the internship experience helps to fulfill that need.
  - c. List qualifications/skills/experience you have which will serve to meet this need.
  - d. List the functions/tasks you will perform during the internship and methods to be used or techniques applied.
  - e. State the time commitment per week (hours/day) you will be interning, and estimate the completion date of the internship.
  - f. List the learning objectives that you wish to meet through the internship.
  - g. Describe how the quality and learning experience of the internship will be documented and evaluated.
  - h. Describe the extent of the commitment of the supervisor/agency to you and your internship experience.
4. Complete the Memorandum of Understanding and submit to the College at least 30 days prior to the start of the Internship. Students should complete the Memorandum of Understanding by listing the required information on pages 1-1 to 1-5. The on-site supervisor must sign pages 1-4 and 1-6. The student must sign page 1-5. (The coordinator and faculty advisor signatures should be left blank.)

**SUPERVISION OF INTERNSHIP:** The nature of the supervision varies considerably with the type of internship. Ideally, the supervisor will possess the expertise necessary for consulting with the student and providing professional evaluation of the work done by the student. Other students may not serve as supervisors. The University requires that each intern and agency sign a *Memorandum of Understanding*. In addition, some supervisors and students may want to negotiate a brief written contract, stipulating explicit mutual responsibilities and expectations as an addendum to the Memorandum of Understanding. (See Supervisors Suggested Guidelines)

**HUMAN SUBJECTS IN RESEARCH:** The Institutional Review Board (IRB) of the University of Oklahoma authorizes all research involving human subjects in research. If the internship includes gathering data which will be used in the student's publication or for public presentation, then the student must receive prior approval from the IRB. For the policy regarding Human Subjects in Research, go to the IRB web page at <http://research.ou.edu/irb/default.asp>; the application is at <http://research.ou.edu/irb/forms.asp>.

**CREDIT HOURS:** One credit hour of LSMS 5920= 75 clock hours of internship. For the required three (3) credit hours of internship, each student must complete 225 clock (work) hours of internship activities. The internship may be in more than one activity and/or more than one agency depending upon the focus of the student's graduate program. A student wishing to split the internship must first consult with the MA staff and the faculty director for approval. (If the internship agency is different for each enrollment, a *Memorandum of Understanding* is required for each agency).

**REPORTS and/or MEMORANDA:** Students are responsible to have all memoranda and paperwork related to their internship turned into the College of Professional & Continuing Studies by the designated times. The final report may vary in format as agreed upon by the student and her/his advisor. The length of the final report may vary considerably and if fieldwork is done, the written report may be proportionally shorter. For instance, a report might be a combination of journal highlights and process notes with summary conclusions or more technical formal papers. This report takes the form of an academic paper and should include research in an area related to the internship. All reports are to include time documentation, analysis and evaluation of the experience.

The College has provided forms in this packet for students to structure this information. Additional copies of the forms are available from your academic advisor. Below is a list of the documentation required and when it is due to the department.

- (1) **PROPOSAL FOR INTERNSHIP:** Due in the College of Professional & Continuing Studies at least 60 days prior to the term the internship will begin.
- (2) **MEMORANDUM OF UNDERSTANDING and ATTACHMENT "A" STUDENT ACKNOWLEDGEMENT AND RELEASE:** Due in the College of Professional & Continuing Studies 30 days prior to the term the internship will begin.
- (3) **MID-SEMESTER PROGRESS REPORT:** This report is due when the Student half of the internship or 115 hours. The intern must turn in the mid-point report to his/her faculty advisor with a copy to the College. This report is generated by the student only and is not required of the agency supervisor.
- (4) **FINAL REPORT:** Final reports are due when the Student completes the internship. This report is a compilation of learned skills and experiences.
- (5) **SUPERVISOR'S REPORT ASSESSMENT OF STUDENT INTERN:** This report is due within one week of the completion of the internship. Each intern is responsible to see that his/her agency supervisor sends a final report to their faculty member, completed and signed by the supervisor and signed by the student.

**TERMINATION:** Students must notify the faculty member, and local supervisor immediately if they discontinue their internships. A detailed, written justification must be provided to each of them.

**GRADES:** Internships are graded S/U.

## **SUPERVISOR SUGGESTED GUIDELINES**

The on-site supervisor in the sponsoring agency/organization is requested to review the *STUDENT INTERNSHIP GUIDELINES* and be responsible for the following:

**SCREENING:** Screen and approve students for proposed internships, assuring that the candidate is properly qualified for the tasks under consideration. When the internship activity is agreed upon, the Supervisor, the University, and the Student must sign the *Memorandum of Understanding* and *Attachment A*. Also, with the Supervisor's input, the Student is responsible for outlining the learning objectives she/he hopes to achieve from the internship experience.

**SUPERVISION:** Provide adequate supervision to assure that the internship is a service to the agency, community, etc., and a meaningful learning experience for the student.

**REPORT:** Provide to the faculty member, a brief, final evaluation of each student upon the completion of the internship and/or progress reports if they seem useful. An intern sponsor is expected to share such evaluations with the student. Students may request the on-site supervisor to complete the College form entitled, *Assessment of Student Intern*. Reports can be submitted to the faculty member.
